Sehr geehrter Herr !

In Threr Tell-Erläuterung (U.B. Nr.:3788) vermisse ich auf Seite 45 zwischen V.47 und 54 eine Erklärung zu der viel angefochtenen Etelle, Auf dieser Bank von Stein will ich mich stzen "
Selbst Cotta war über diese Stelle im Zweifel, indem er sie in einer Ausgabe der 40 Jahre umänderte in "Auf die se Bank etc"

Dass es sich um das Suchen einer Sitzgelegenheit hier n i c ht handelt, geht für nich laraus hervor, dass es erst 13 Verse weiter heisst: setzt sich.

In der Schweiz bin ich persönlich darüber aufgeklärt worden, dass Schiller hier einen schweizerischen Sprachgebruch zur Anmendung gebracht hat .Unter Schützen heisst dort, sich setzen "so viel wie seinGeschoss in S t a n d setzen, sich schussbereit machen.

Am Schiessstand heisst die Frage: "Hast du diéch gesetzt?"
n i c h t "Hast du dich ausgeruht" sondern "Bist du schussbereit."

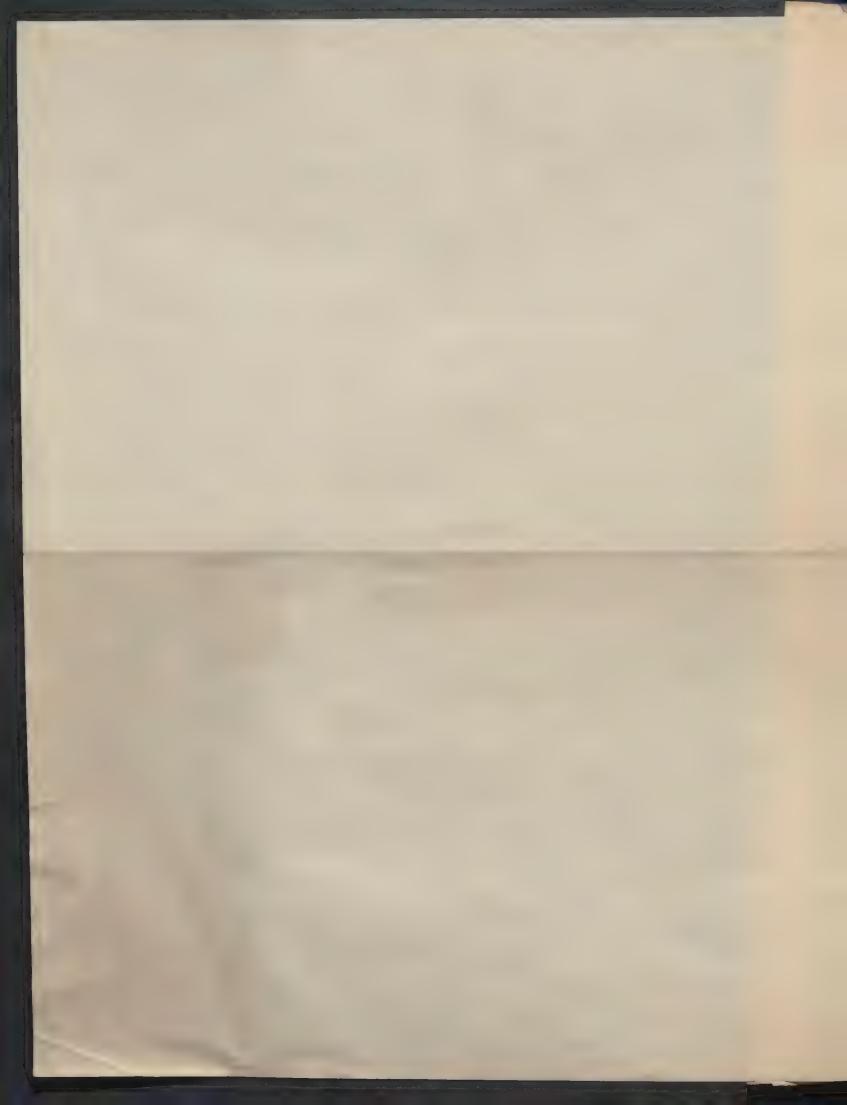

Ein geschicktes Regiebuch wird also zu der obenbezeichneten
Stelle die Anmeisung bringen: Tell setzt den einen Fuss a uf die
Rank, stellt seine Armbrust auf das Knie, spannt sie und legt den
Bringer bittrer Schmerzen, dem er tie vorhergesprochenen Verse gewidmet hat, in die Schussrinne. Nun hat er sich, gesetzt ", nun ist
die Armbrust schussbereit!

Selbst den meisten Bühnen ist diese Erklärung unbekannt ;auch diesen also würde ein Die st erviese n werden , wenn Sie sie etwa bei einer Neuauflage mit unter Ihre Erläuterungen aufnehmen würden .

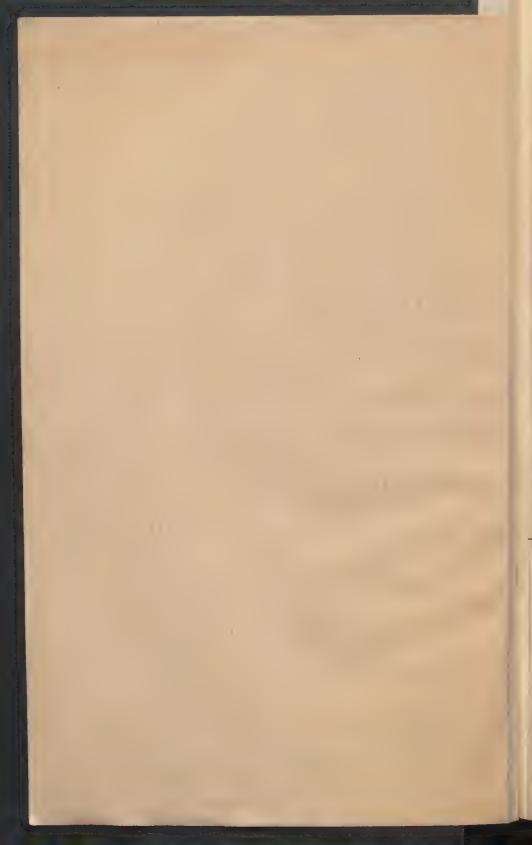

Dies der Zweck vorstehender Zeilen .

Euer Hochwohlgeboren,

mit pezug auf das werte Schreiben vom 22.d.beehren wir uns mitzuteilen, dass in Bezug auf die darin erwähnte Angelegenheit bereits andere Dispositionen getroffen sind, weshalb wir von einer Einsendung des Feuilletons absehen zu wollen bitten.

Bei diesem Anlasse gestatten wir uns an Euer Hochwohlgeboren die Anfrage zu richten, ob Sie geneigt wären, gelegentlich alle zwei bis erei Monate für unser

Blatt eine zusarmenfassende feuilleto nistische Uebersicht über die neuen Erscheinungen der polnischen Literatur, des Bühnenlebens und eventuell der bildenden Kunst in Galizien zu verfassen. Auch ware es uns nicht unwillkommen, gelegentlich eine (selbstverständlich autorisierte) Webersetzungen bemerkenswerter belletristischer Erscheinungen kleineren Imfanges, also von Erzählungen, Skizzen, Stinenungsbilder, etc. polnischer Autoren zu erhalten, wie wir ähnliche Proben aus der nodernen tschechischen Literatur von Zeit zu Zeit bringen. Sollten Euer Hochwollgeboren nicht die Musse finden oder nicht geneigt sein uns Beiträge des erwähnten Inhaltes zu liefern, so wären wir sehr

dankbar für die Bekanntgabe eines anderen dortigen Schriftstellers, der zur Uebernahme dieser Arbeit eventuell geneigt wäre.

In ausgezeichneter wochachtung für die Redaktion

Szanowny Panie Profesorze

Poezja iloczasowa może się wydawać dziwną chyba tylko z punktu widzenia naszych zwyczajów, którym nie należy dawać znaczenia absolutu; wiem z doświadczenia, że osobom, które dopiero w wieku dojrzałym zaznajomoły się z naszą poezją, tak samo dziwnemi i nienaturalnemi wydają się jej elementy syllabiczne, sprzeczne ze znanemi im zasadami tonicznemi i prowadzące do rozbieżności między akcentami śpiewu i deklamacji /np.pewna piosenka dziecinna w śpiewie: "Jédnego rázu jágódék - záchciała Zósienka máła../. U greków jej zresztą mogło i nie być, jeżeli słuszną jest teorja, według której akcent prozaiczny był u nich muzyczny, akcent zaś poetycki - czyli iktus - ekspiratoryczny, jak u nas; jest to jednak kwestja bardzo zawikłana. "Zastanawiać się" nad iloczasem każdej zgłoski nie mieli potrzeby, gdyż ten był podawany przez żywą mowę, jak i dziś w językach iloczasowych /Czeskim, węgierskim, fińskim/.- Co do drugiego pytania Pańskiego, to różnica między transkrypcją łacińską takich słów jak Aiax, Maia, Tria i większością innych tłumaczy się przez to, że pierwsze zostały przyswojone mowie łacińskiej w czasach wczesnych, kiedy odpowiednie dyftongi miały jeszcze u greków swoje właściwe brzmienie, pozostałe zaś już w czasach hellenistycznych, kiedy nastąpiło brzmienie prawie monoftongiczne.
